Company Profile

BUSINESS BACKGROUND

The Company

Genitek Solutions was set up by a group of highly dynamic, competent IT professionals providing cost effective and cutting-edge IT solutions. We provide internet solutions and hosting services to several hundred clients in India and overseas.

Services

Our services extend to a number of industry verticals and technological platforms. Some of them are mentioned below

- Web Hosting
- Web Application
- Web Designing
- SEO
- Payment Gateway
- Multimedia Presentation
- IT Enabled Services
- Banking, Healthcare, Human Resources, Travel, Real Estate verticals

Location

We are located at Kalyan Nagar, Bangalore India. Our single point of contact for this engagement is Arup Ranjan Dey. Our electronic address is www.genitek.com. Other contacts channels are as follows:

Email: arup_rd@genitek.com

Tel: +91-80-65605153

Cell: +91-9845357669

SALIENT FEATURES

Notable benefits

- It just takes 30 seconds to access your domain and start creating your emails once you register with us.
- We don't use commonly used software tools to design and develop a website. This gives great code clarity, compact code and easy maintainability.
- Our Linux Server is located in Equinix Data Center in Chicago and Windows server is located in NAP Of The Americas, in Miami, Florida. We can provide you the "virtual walk through" of our datacenter. Equinix Data Center tops the rank in terms of data security.
- We provide a control panel for our clients i.e. the registrar control panel for the domain name registration and a separate control panel for hosting. This gives you full authority over your domain. The URL is <http://hosting.genitek.com/cpanel> and credentials are `genihost / host2006`
- We provide auto-responder, email filtering, mail forwarding, spam assassin features.
- We provide Web/ FTP Statistics to see the total number of visitors month wise.
- We provide with a choice of have search engine submit with Google, Lycos, AlltheWeb, Directhit, Hotbot, Mixcat as well as intra website search.
- You may choose your OS commerce option in your control panel for making a powerful ecommerce website in house
- You may have chat session in your own website. For more details please visit <http://www.genitek.com/forum>
- For a space of 100 MB or more you will get 1 GB to 10 GB Bandwidth per month for full one year as per your requirement arises with no additional cost.
- Supported Email protocols are POP3, SMTP, HTTP (Web Mail). For HTTP mail access please visit www.genitek.com and type in the credentials `testmail@genitek.com / testmail` and submit.
- We provide 24 X 7 online chat supports with our customer support team post project delivery.
- All email attachments are checked for virus.
- You may have a separate feedback form. Optionally you may check the client feedback on the website also and even have the feedback directed to your mail ID. URL: <http://www.genitek.com/feedback/addentry.php>
- You may have your own FTP incorporated inside your control panel or you may use `ftp.yourdomain.com` with the same user credentials as applicable for your control panel.
